This sets out the terms of business upon which Hambleton Equine Clinic Ltd will provide equine veterinary services. By instructing us to perform services, or by purchasing or ordering goods you are making an offer and you are confirming that you agree to these terms of business. If we accept your instruction, purchase, or order, a legally binding contract is made between us and you.

Our commitment to you

We are committed to providing the best care possible for your equid in a timely manner and to the best of our abilities. We commit to abiding by the rules, regulations and professional standards set by the Royal College of Veterinary Surgeons.

Fees

All professional fees, consumables and charges for drugs and services are subject to VAT at the current rate. Professional fees are determined by the time spent on a case, the level of intensity of investigation and treatment used, the expertise required and the technical equipment used, in addition to the costs of drugs, materials and consumables used.

We will charge a reasonable fee for completing insurance forms from insurance companies; this fee reflects the time used to complete this paperwork. A standard fee will be charged per insurance claim.

Investigation and treatment of accident, illness and injury does not necessarily follow a specific course and therefore costs can vary and may be difficult to predict accurately. Whenever possible we will give you an estimate of the costs (not a quotation) of treatment but this will only be approximate as variations and complications may arise resulting in further costs incurred. If specifically requested, we will provide you with a written estimate for guidance but often our estimates will be verbal. We will try to keep you informed of any significant changes from the estimate throughout the progress of each case investigation/treatment, however there may be occasions where a decision has to be made without prior discussion.

By engaging our services, either in person or via your agent, you agree to pay to us all costs and expenses that may be incurred whilst your animal is under our care.

Details of our fees are available on request and a detailed invoice is generated and issued for every consultation, procedure or transaction. Out-of-hours fees are charged when a veterinary surgeon is called to attend to your horse(s) outside of the normal surgery hours (Normal Surgery hours are Monday to Friday 8:00 am – 6:00pm).

Invoicing and payment terms

Unless otherwise agreed, clients will be invoiced at the conclusion of investigation/ treatment, and payment in full will be due on receipt of invoice. Treatment for on-running conditions will be invoiced monthly.

Where the fees are anticipated to exceed £2,000 incl. VAT (per incident) an 'interim' invoice may be submitted, and interim payment required.

Invoices for in-patients will be generated at the point of discharge and payment will be due immediately. A 5% discount will be applied to invoices paid at the time of treatment or on discharge from the clinic. Additional invoices may still be generated after discharge in relation to outstanding investigations (such as laboratory test fees).

For horses where treatment is to be claimed on an insurance policy, we reserve the right to charge the insurance excess at the point of admission. Additionally where significant fees are anticipated (for example an emergency and out of hours admissions), a deposit of £1000 may be requested at the time of admission. This will be discussed with you.

Referrals. Unless otherwise agreed, clients referred to Hambleton Equine Clinic will be invoiced at the conclusion of investigation and or treatment and payment in full will be expected prior to discharge from the clinic.

From time to time we may operate a Zone visit scheme. Work for these types of visits will be invoiced immediately and payment is due to the veterinary surgeon at the time of the appointment. A 5% discharge is not applicable to zone visits. A reduced visit (call out) fee will be charged for zone visits.

We reserve the right to charge an administration fee of 5% on balances remaining unpaid 60 days after the date of the invoice. Overdue accounts, after due notice to you, will be referred to a debt collection company if satisfactory repayment arrangements have not been made with ourselves and all costs incurred will be passed to you. In the event of non-payment, you will be liable for our costs of recovery (including legal fees) and in addition we may refer your account to a debt collection agency and their fees will also be added to your debt and will be payable by you. In the event that court action is necessary, all associated costs, including legal fees, will be claimed from you and these additional costs are likely to increase significantly your debt to us.

Any cheque which you issue which is returned unpaid, any credit/debit card payment not honoured and any cash tendered that is found to be counterfeit will result in your account being restored to the original amount together with any fees incurred in the process.

Any credit terms extended to you by Hambleton Equine are discretionary. Failure to comply with payment terms will result in the withdrawal of any such discretionary terms and future work will require payment in full at the time of the appointment.

We require registration details for new clients. We require payment in full at the time of the first appointment/treatment.

Prescriptions are available from this Practice. The fee for a written prescription will be charged and the current rate for this can be obtained by calling reception. All medications and prescriptions must be paid for at time of collection or ordering for postage.

Equine Insurance

Hambleton Equine Clinic strongly supports the principle of insuring your horse against unexpected illness or accidents. Hambleton Equine Clinic will charge a reasonable fee for completing insurance forms for all insurance companies.

For all routine referrals you must inform your insurance company prior to your appointment that you have been referred to Hambleton Equine Clinic Ltd and the nature of the condition/proposed treatment. In the case of an emergency or a first opinion case the insurance company should be contacted at the earliest opportunity

It is your responsibility to submit claims to your insurer and to be reimbursed by them. Provided that the insurance company has agreed the claim in principle, and that you have not made payment to us direct in advance of a claim, we require that payments of claims by insurance companies are made

direct to us. To fulfil this requirement you must ensure that your insurance claim form is appropriately signed and you have instructed your insurance company to pay us directly.

You will be required to pay the insurance excess and any costs not covered by insurance i.e. livery fees and any part of the claim that has been rejected by your insurance company for whatever reason. We are unable to liaise or negotiate with the insurance company on your behalf but we are happy to answer any veterinary queries where necessary free of charge.

Hambleton Equine Clinic accepts no liability if your claim should be rejected, either in part or full and will ask that any outstanding invoices be settled in full for any veterinary treatment we have given to your horse.

It is your responsibility as the policy holder, to ensure that your insurance company settle your account promptly and please be aware that you will be liable for any late payment surcharges on your account. Should the account remain unpaid for more than 90 days, we will ask you for full settlement to prevent any debt recovery action being taken.

Regardless of whether the animal is insured, the entire bill remains your responsibility until it is paid in full. A belief or understanding on your part that your insurers will meet some or all of our charges will not be a defence in respect of any claim we make against you for non-payment. Correspondingly, credit will be given to you in respect of any payment we receive from a third party (including an insurance company) on your behalf in circumstances where the relevant payment is intended to meet or partially to meet financial obligations of you to us.

Passports

It is a legal requirement that all horses, ponies and donkeys must have a valid passport. This must accompany the animal during transport, and we will ask to check this at the time of admission/examination. You must endorse your passport (normally section IX in an old passport and section II in a new passport) to confirm whether the animal is/is not intended for human consumption. If your animal's passport is presented to us unsigned, we reserve the right to sign this as not intended for human consumption. This will allow us to treat the animal according to its clinical needs and to ensure that it never enters the human food chain. In exceptional circumstances, where a passport is not available, a detailed record of medicinal products administered to the animal will be retained. You will need to keep a record of this treatment. This information is provided on your invoice.

Confidentiality and Data Protection

We acknowledge that client confidentiality is of the utmost importance. Save as required to perform the agreed services or as required by law, we will not pass any of your personal identifiable details to third parties without your permission (including permission given in these Terms and Conditions).

We use any personal data we collect in accordance with our Privacy Notice. Further information regarding your rights with respect to your Personal Data can also be found in our Privacy Notice which can either be found at <https://www.hambleton-equine.co.uk/privacy-policy.html> or is available on request.

Even though a charge may be made for carrying out and interpreting the results, ownership of the resulting record (eg: an x-ray or ultrasound scan) remains the property of the practice. Any accumulated information may be used for the purposes of clinical research and veterinary education, including publications and presentations at professional or lay-person meetings.
