

GASTROSCOPY DAY AT HAMBLETON EQUINE CLINIC

Are you worried about the following symptoms?

- **Reluctance to go forward**
- **Reaction when girthing**
- **Reduced appetite**
- **Poor performance**
- **Weight loss**

Are you interested in finding out if your horse is suffering from Equine Gastric Disease (Stomach ulcers)?

If so, we are having a gastroscopy day at the clinic on Thursday 14th March 2024 (and Thursday 21st March if there is enough uptake).

Cost - £180 including VAT which includes the sedation and gastroscope, free weighbridge and nutritional advice from Topspec, free trial sample of our HEC EXAGUS gastric specific supplement.

Overnight stabling and drug treatments are not included.

This clinic is for new cases only not for repeat or follow up gastroscopies please.

The Paddock, Stanley Grange, Great Ayton, North Yorkshire TS9 6QD
